## What Happened At Council Meeting

Regular Meeting of the Town Council at 8 p.m. those present were Mayor Taylor and Councillors Wilde, Melchin, Ralph, Kenney and Salmon.

The minutes of the previous meeting were read and accepted on motion of Councillor Wilde.

Cash statement was read and accepted on the motion of Councillor Ralph.

The Secretary was instructed to give a notice to all businesses reminding them that all rubbish must be burned in incinerators or approved burners and to bring suggested by-law changes to the next meeting regarding this matter.

The secretary was instructed to bring in a new by-law for next meeting increasing penalties for driving over fire hoses, following engine and obstructing firemen.

The meeting adjourned until July 15th at 8 p.m. and council attended meeting of Mr. Halmrast, Ivan Casey and J. H. Blackmore.

Continued on July 15th at 8 p.m.

Moved by councillor Kenney that the secretary repay the Elevator Companies who had paid their business tax and had assessment reduced by Assessment Commission order to alter business tax rate. Also moved that the Finance Committee bring in recommendations for next meeting on another rate change recommended by the Commission. Carried.

The matter of arbitrating the damage claim under Stray Pound By-law was left to Police Committee under Councillor Ralph.

Moved by councillor Melchin that Ivan Wilde and H. P. Schneider be invited to the Council to present their problem regarding drainage and that copy of letter be sent to the Canadian Sugar Factories Ltd. Carried.

The secretary was instructed to inform the C. P. R. that their portion of cost of a water line serving the stock yards would be about \$800.00 providing the other persons on the line all participated.

Moved by councillor Wilde that the Health and Sanitation Committee bring in a report next meeting with suggestions of cleaning nuisance grounds up. Carried.

Works and Property Committee was asked to bring in recommendations regarding eliminating the cause of soft spots on Broadway. Councillor Wilde was asked to make an appointment for his committee to meet Lee Brewerton regarding theatre extension.

Pay roll was read and ordered paid on motion of councillor Galbraith seconded by councillor Ralph.

Meeting adjourned on motion of councillor Melchin.

Mr. and Mrs. Gordon Rasmussen and family motored to Strathmore over the weekend where they visited Rita's sister and family, Mr. and Mrs. Ruby Miller. Their young son, Deral, who has been staying with the Rasmussens Meldrum, Idale Kenney, Mary Hyde, the past months was as happy to see his mom an dad as they were to see him.

While away they took in the last magazine they can spare to the Hospital for the patients enjoyment.

Mr. and Mrs. C. D. Peterson had as their guests last week a number of brothers and sisters who were here for the Peterson Reunion. Thursday evening Mr. and Mrs. Harold Clawson, of Salt Lake, Mr. and Mrs. Hyrum Peterson and Mrs. Emma Blingham of Ogden, Utah, Mrs. Helga Doman of Huntsville, and Mrs. Margaret Thomas Mrs. Margaret Myers and Mrs. Billie Peel of Salt Lake were guests at an enjoyable dinner party at the Peterson home.

## Engagement Announced

The engagement of Mary Court, youngest daughter of Mrs. Alice Court and the late George Court, is announced this week, to Alan Heggie who is the eldest son of Mr. and Mrs. Robert Heggie. The marriage is expected to take place this fall.

Mrs. Lottie Graham and family joined the throng in Calgary for a few days last week to enjoy the Stampede.

Gordon Magee, Treasury Branch manager, returned this week from a two-week vacation in Eastern Canada. While he was in Detroit he took in a very interesting baseball game between Cleveland and the Motor City. Another highlight of his trip was a tour through the Chrysler plant at Windsor.

## Boy Scout Oxen Win In Cardston Parade

Those watching the big parade that started off the Cardston Rodeo were taken back through the years to the good old days, before the advent of the motor car, when they saw the team of oxen drawing that old wagon up the street. The Raymond Boy Scouts were awarded first prize in the Novelty Section of the parade for their entry of Jack and Jerry "The Oxen of a Thousand Pictures". The watchers of the Cardston Parade are one up on us because they saw a real old-timer travelling in the lead of the oxen. He was a man of large stature, carrying an old gun and wearing an old coat and of all things—dark glasses. The latter was his disguise because people from the north, the east, the south and the west would have recognized Clarence Alfred had he not taken the precaution of a disguise.

Clarence says that all the boys, himself included, had a wonderful time and so did a lot of the onlookers, many of whom were seeing oxen for the first time.

The regular meeting of the Raymond Hospital Auxiliary was held on Wednesday afternoon at the Town Hall.

Numerous pieces of mending was done as well as sewing 7 binders, one stripe wringer, 96 pillow cases and 10 large gowns. The work was done by Inga Shields, Fontella Hawkins, Rhoda Alfred, Dorothy Dahl, Norma Meldrum, Idale Kenney, Mary Hyde, Phil Meeks, Lizzie McLean, Florella Palmer, Jennie Houseley.

The Public is asked to take any magazines they can spare to the Hospital for the patients enjoyment.

Mr. and Mrs. Lyle Lybbert and family, former Raymondites who have lived in Edmonton the past number of years, have returned "home". He is working with the Magrath Canning Co. at the present time.

## Who Chased The Pig?

Sunday morning at the early hour of about six o'clock Cliff Dahl was awakened by the sound of a fast-moving porker. The live pork chops sounded as though they were being pursued by the Big Bad Wolf and to escape the little pig took a headlong dive through a basement window of the Dahl home. A little later in the day the owner rescued his property after a long search—but who would think of looking for a pig in a neighbor's basement—a live one that is.

Mr. and Mrs. Orson Anderson have had as their guests the past week, Mrs. Andersons brother and his wife, Mr. and Mrs. David Daves and family of Ogden, Utah; also Mrs. Anderson's sister, Mrs. Anna Marguardson and children of Vancouver.

It has been 23 years since Mrs. Anderson last saw her brother and 19 years since seeing her sister so a real "gab-fest" was enjoyed.

Mr. and Mrs. Jim Bridge entertained at a Rook Party honoring the Doran Kennys Monday evening. Those present to enjoy the evening were the Arlidge Hills, Joe Brahmmer, Joe Keelers, Gordon Andersons, Bill Nalders, Harlan Taylors and Bill Mehews. The fairer sex copped all the prizes during the evening with Marva Nalder taking High, Melba Mehew, Low, and Margaret Taylor the Traveling Prize.

A very tasty lunch was served at the conclusion of the evening.

Dominion Experimental Station,  
Lethbridge, Alberta.

July 15th, 1952.

Dear Friend:

On Wednesday, July 30th, we are holding our annual Field Day at the Lethbridge Experimental Station, and I am taking this opportunity to especially invite you and your family and your neighbors to attend.

We are particularly anxious to have you see our experiments on irrigated pastures, and to inspect the new livestock buildings now in use on the southern edge of the Station. On the other hand, if your main interests lie in grain crops or horticulture or other phases of agriculture, I can assure you that there will be ample opportunity to observe these crops and to discuss your problems with members of the staff. Our tours have become a traditional part of the Field Day, and will commence at 9 a.m., weather permitting.

We are featuring two outstanding agricultural authorities during our afternoon program. They are Dr. P. O. Ripley, Dominion Field Husbandman from Ottawa, who will speak on "Management of Grasslands and Grass Silage", and Dr. C. H. Goulden, Dominion Cerealist, of Ottawa, whose topic will be "Development of New Grain varieties".

The Ladies are especially invited to inspect the facilities at the Food Processing Laboratory, and to view the gardens and flower plots.

Plan to bring the children. Games, movies, races and soda pop will add to the holiday atmosphere.

As in the past, coffee, milk and cream will be provided, and tables will be set up for your convenience. Pack your lunch and meet us at the Field Day on Wednesday, July 30th.

Yours, sincerely,

A. E. Palmer,  
Superintendent.

## Not Much Hail Damage

Now that the rains have arrived, one of the big worries remaining for the people in this area is hail. The storm that descended upon us the other night had plenty of people worried but we found, in a telephone survey taken, that little or no damage resulted from the hailstones that were mainly of a soft nature and arrived with just a very slight breeze.

John Zobel estimated the damage done in his area to be slight in the grain with the hay crop being damaged a bit by the loss of some leaves. Beet leaves were riddled but he thought they should be back to normal in about a week.

C. E. Allred said that a few of the tomato plants were damaged in his garden and that he hadn't heard of any severe damage in this district.

Albert Zobel informed us that he had quite a lot of hail but because it came straight down the damage was held to an estimated ten to twenty percent.

Parry Barton was glad to let us in on the news that as far as he knew there had been no hail in the Stirling area.

Howard Rasmussen reported no damage at his place but said that slight damage to gardens and the beet crop had been suffered elsewhere in that district.

Golden Snow said that as far as he was able to tell his crops had suffered no hail damage.

Joe Keeler's estimate on the damage to his fields was about 15%.

It was generally thought that the moisture received did a lot more good than the hail did harm—let's hope it continues in that vein.

Mr. and Mrs. Sam (Bernice) Sotter of Great Falls, Mr. and Mrs. George (Allene) O'Brien of Vegreville, and Jack of Grande Prairie are visitors at the D. A. Bennett and Poly Hawkins homes this week.

Mr. and Mrs. C. B. Smith have enjoyed the company of Mr. Smith's son and family, Mr. and Mrs. Walter S. Smith and two children the past two weeks. They left for home on Sunday.

Mr. Smith is employed with Shell Oil in Eley, Nevada.

## Not Much Hail Damage

Mr. and Mrs. Lee Brewerton were hosts to the Rotarians and Rotary Annex Wednesday evening at their home. Ted was the guest speaker and provided a very interesting evening. After showing a map of South America and pointing out the principal cities and showing illustrations of them, he took them on his journey from Provo to that country: his travels while there and his return trip, by way of his colored slides and interesting talk. Ted also had on display currency, handwork, clothes and other souvenirs.

A very delicious lunch was served by the hostess at the conclusion of the evening.

## A LETTER TO THE EDITOR

Spring Coulee, Alta.

Dear Sir:

What's the matter with Raymond? Where is the old baseball spirit?

For seven years Raymond has not had a baseball team. And now, with lots of setbacks and hard work, two or three public-spirited citizens have come up with a good team, what kind of support are they getting? We saw a game at Raymond July 1st when there were approximately one hundred cars, and when the collection was counted it amounted to the paltry sum of \$44.50! Isn't any sport worth watching worthy of more generous contribution?

Name Withheld

Mrs. Anne Larson, her mother, Mrs. C. T. Attwood and her daughter Camille spent the week-end in Grassy Lake visiting Mr. and Mrs. Bill Bishop and Mrs. Stella Bishop.

## Boulevards Planned For Church Street

Preliminary work has been started on the boulevarding of Church Street, running from the Town Hall corner to the Stake House. Present plans call for the project to be completed as far as the lane behind the Town Hall this year which will be a great improvement at that corner. Curbs will be laid and grass planted and for the information of "John J. Anderson" the water pipe will be moved over close enough to the curb so that trucks can be filled from the road.

After giving a blood donation each donor is sent a blood donor card for his own personal information and protection, and on which each additional donation is entered. These cards are coloured as to each individual group 'O', 'A', 'B' and 'AB'; positive or negative.

Donor buttons or pins are presented to voluntary donors by the Canadian Red Cross as shown above.

3rd. donation: a bronze button trimmed with blue and red enamel.

6th donation: a silver button also trimmed with blue and red enamel.

10th donation: a gold button trimmed with a red cross on a white shield.

11th. donation: a gold maple leaf trimmed with a red cross on white base.

WARTIME DONATIONS ARE ALSO CREDITED TOWARD THESE AWARDS, do let the registrar at the clinic know how many previous donations you have given.

Mrs. Anne Larsen entertained the Wednesday Night Club at her home this week, at which Miss Roxie Cook was a special guest. Miss Cook is a nurse at the Ponoka Hospital.

Rook was played with Olive Fisher winning the prize for High Score and Myrtle Bacon the Consolation Prize. Plans were also made at this meeting for a Summer Party.

A very tasty lunch was served by Mrs. Larsen.

The M Men and Gleaners of the 4th Ward thoroughly enjoyed the Fireside held Sunday evening in Mr. and Mrs. T. Geo. Wood's back yard. With everyone seated around the campfire, Mr. Wood told the interesting story of that portion of his lot; telling that it once belonged to John F. Taylor who had laid the foundation for a huge house there. The cement frame for a basement window is now used for an outdoor fireplace. Many other interesting stories of the early days in Raymond were told by Mr. Wood and Bishop Snow. A few musical rounds were enjoyed under the direction of Kay Stone between speakers and after Bishop Snow's remarks a lunch of cookies, revels and toasted marshmallows were enjoyed.

Gordon Stone was in charge of this pleasant evening, which broke up quickly when the rain started falling.

Mr. and Mrs. Maurice Cooper had as their guests over the weekend Mrs. Cooper's sister and husband, Mr. and Mrs. Lawrence Erickson of Picture Butte.

Mrs. Laverne Anderson has had as her guests the past week her sister and husband, Mr. and Mrs. N. L. Anderson and daughters Marthaline and Marolyn of La Canada, California.

Over the week-end Mrs. Anderson and her guests and Mr. and Mrs. Claude Baker, Dr. and Mrs. Gordon Anderson, Mr. and Mrs. Bill Fairbanks and Mr. and Mrs. Paul Fairbanks motored to Waterton to enjoy the scenery and have a family get-together.

Mr. and Mrs. Dave Wood of Edmonton were visitors in town last Thursday to visit his parents, the T. Geo. Woods, and pick up their children Roxie and Denton who have been visiting their grandparents the past week or so.

Visiting at the Orson Anderson home on Sunday were Mrs. Maude Doranla of Hamilton, Ont., and Mr. and Mrs. Bohne of Cardston. Also Miss Brown and Miss Ayres of Hamilton.

Canadians have been warned that fire is a silent partner of inflation. W. A. Mather, president of the Canadian Pacific Railway, points out in a public message to the Canadian Forestry Association recently. "This warning", Mr. Mather says, "is most pertinent in relation to destruction of our forests. Success in eliminating preventable forest fires can be assured through public cooperation. All must accept a proper share of responsibility in this vital matter."

"The necessity for universal support of aggressive forest fire prevention activities is fully recognized by this company. It is extending full cooperation which seek public understanding of the threat involved in any impairment of our forest wealth through fire."

"As a railroad company, we are very much aware that protection of forest resources provides not only increased business generally to the railways, but it is a most important factor in meeting our requirements for ties, lumber, and timber of various kinds, the volume of which can be measured by the fact that our expenditures for these items are exceeded only by purchases for steel and fuel. Strict compliance with fire protection laws respecting locomotive smoke stacks and ash pans, together with creation of fire guards and other installations designed to minimize hazards is, therefore, carefully observed throughout the company organization."

Mr. and Mrs. Jack Finch and some of town friends enjoyed a day in Waterton this week.

Dark clouds, hail, rain, thunder and lightning couldn't dampen the spirits of the group of friends who met out at Alkali Lake Wednesday evening, guests of Mr. and Mrs. Gordon Stone. As soon as the hail stopped the men were out boating, water skiing and swimming; when the weather had cleared a little more some of the gals had a quick boat ride. The aroma of frying hamburgers and onions soon brought everyone around the campfire for lunch though.

The Harlan Taylors, Gordon Rasmussen, Bob Brandleys, Max Hamiltons, Joe Keelers, Gordon Andersons and Bill Nalders then made themselves comfortable around the fire and enjoyed an hour or so of story telling before the rain broke the party up.
